

August 18<sup>th</sup> 2019  
**AAVSB ACCREDITED TPLO  
TRAINING SEMINAR**

**Presented By**

**MEDICATECH VET**

SEMINAR LOCATION:

**Holiday Inn Express  
South Irvine Spectrum  
23131 Lake Center Drive  
Lake Forrest CA 92630**

**(800) 517-5030 tele.  
949-679-2882 fax**

**8:00 am – 6:00 pm**

**TIBIAL PLATEAU LEVELING OSTECTOMY SURGERY**

**COURSE AGENDA,  
Sunday, August 18 2019**

- 8:00-8:15 am I. REGISTRATION
- 8:15-10:15 am II. INTRODUCTION AND OVERVIEW  
A. PATHOPHYSIOLOGY OF RUPTURED CRANIAL CRUCIATE LIGAMENT TEAR  
B. CONTROVERSIES IN RUPTURED CRANIAL CRUCIATE LIGAMENT REPAIR (CCLR)
- 10:15- 10:30 am BREAK
- 10:30-12:30 III. THEORY AND METHODOLOGY  
A. THEORY OF TIBIAL PLATEAU LEVELING OSTECTOMY FOR CRANIAL CRUCIATE LIGAMENT REPAIR  
B. METHODOLOGY OF TIBIAL PLATEAU LEVELING OSTECTOMY for CRANIAL CRUCIATE LIGAMENT REPAIR
- 12:30-1:30 pm LUNCH BREAK
- 1:30-4:30 pm DRY LAB PRACTICAL APPLICATION
- 4:30-4:45 pm BREAK
- 4:45-5:45 pm IV. TPLO STIFLE ASSEMBLY
- 5:45-6:00 pm V. CONCLUSION
- 6:00 pm VI. ADJOURN

*Lunch will be provided. The program is approved for eight (8) AAVSB continuing education credits. The cost of the program is \$995.00, which includes the entire program, plus CLASS NOTES, DVD, and TPLO cadaver implants. Payment is non-refundable if cancellation is received less than 30 days from the scheduled date. The program will begin promptly at 8:00 am. Seating is limited, please reserve early.*

**50 Maxwell  
Irvine, CA 92618  
(800) 817-5030 / (949) 679-2881**

## **OBJECTIVE STATEMENT**

The objective of Medicatech's educational program is to introduce a new surgical procedures to the attendee's, using both standard cortical screws as well as locking head screws for repair of Cranial Cruciate Ligament Rupture, by way of the proven TIBIAL PLATEAU LEVELING OSTEOTOMY (TPLO). This will provide a real-time interactive learning environment for the attending veterinarians. The methods used to provide this type of learning environment will include classroom teaching, surgical demonstration, and hands-on lab practicals for return demonstrations.

The doctors will learn how to evaluate an animal for TPLO, how to determine implant sizes for different animal breeds, how to perform a TPLO surgical procedure, and how to follow the animal through recovery.

After reviewing an interactive video on TPLO procedure, the participants will have an opportunity for hands-on experience as they perform the procedure on Foam Bone Models. The participants will select the proper implants for specific animal breeds and perform the locking TPLO plating procedure under the guidance and assistance from the presenter. The goal of the seminar is for the participants to have "hands-on" training so they feel confident enough to perform the procedure in their home clinics.

# TPLO REGISTRATION
